

JUNIOR CLASS OFFICERS: Sec. Mary Gravelle Vice Pres. Rich Slothower Pres. Rolf Yngve Treas. Sara Pederson

The Junior Year: A Time of Growing Responsibility

This year's enthusiastic Junior Class found many able leaders to take over the reins of the departing Senior class. They met with and accepted the challenge of many new and trying experiences, backed by a class that actively participated in the school's activities.

Team teaching proved the most difficult adjustment because it gave the students their first glimpse of college classroom experience. The Junior team met second hour in the new auditorium, another first for this year. In October the entire Junior class witnessed a special performance of **Harper's Ferry** at the Tyrone Guthrie Theater. The response to the new play was very favorable.

The Juniors accepted the responsibility of financing the Prom, raising over \$800 during the magazine sale alone. More money was made during the candy sale. Homecoming was a success partly because of the fine efforts of many hardworking Juniors.
